Under the ***Municipal Act***, Section 270 (20), the Library Board, as a local board is required to adopt and maintain policies in the hiring of employees, and this policy meets that legislative requirement.

Teleconference or video-conference interviewing may be considered for candidates who would otherwise have to travel a significant distance for a face-to-face interview.

Interviewers will assess applicants according to established qualifications, knowledge, experience and ability to perform the required duties, including the ability to meet the physical demands of the job. Due consideration will be given to reasonable accommodation in accordance with Human Rights legislation.

The ultimate goal will be to hire an applicant who possesses the knowledge, skills, abilities and other attributes required to successfully perform the job. To achieve this goal, a structured interview plan will be utilized. To increase the validity, reliability and consistency of the interview structure and process, all candidates will be asked the same questions, and assessed against the same set of job-related competencies. Interviewers will independently complete a rating/scoring sheet, which will be used in the rating/scoring process to measure candidates against an objective job description.

The final decision will be reached after reviewing the interviewee's responses, competencies, the objectives of the hiring and selection process, and the person-organization "fit."

C. Interview Expenses

Recognizing that the filling of certain positions may require recruitment from afar, it may be necessary to consider reimbursement for overnight accommodation and mileage at the current per km/rate, economy airfare or train fare.

Prior to commencing a new hiring process, any required adjustments and/or modifications may be made subject to findings in the review process (i.e. job description, rate of pay, advertising methods, etc.).
